EDUCATION

Bachelor of Tech in Electronics and Telecommunication

Dwarkadas J. Sanghvi College of Engineering

Mumbai, India

Jul 2020 – Mar 24

- **CGPA: 8.90**

- **Courses:** Data Structures and Algorithms, Python, Java, Artificial Intelligence, Machine Learning.

Higher Secondary Certificate Examination

Smt. Maherbanu College of Science & Commerce

Akola, India

Jun 2018 – Apr 2020

- **Percentage: 76%**

Secondary School Certificate Examination

Mount Carmel Secondary and Higher Secondary School

Akola, India

Mar 2017– May 2018

- **Percentage: 95.20%**

PROFESSIONAL EXPERIENCE

Kissht (Ring)

Full Stack Software Developer | Golang, React, AWS lambda, Gorm, Gin, MySQL, Kafka

Mumbai, India

Jun 2023 – Present

- Contributed to various pipelines resulting for different functionalities on production.
- Worked on Admin Panel frontend development in react for enhancing robust features.
- Worked on developing lambda functions for serverless implementation of APIs.
- Developed a Kafka Consumer to retrieve real-time data from APIs.
- Worked on developing SQL queries for different functionalites.

Tag8

Full Stack Developer | MERN Stack (React ,MongoDb, Express, NodeJs)

Mumbai, India

Feb 2023 – Mar 2023

- Proficiently designed and developed RESTful APIs for seamless communication between the frontend and backend.
- Implemented user data validation and applied authentication mechanisms to ensure secure access to the website.
- Expertise in handling file uploads, converting CSV to JSON, and vice-versa, while maintaining data integrity.
- Acquired knowledge of database schema design and optimization techniques for efficient data retrieval.
- Collaborated effectively with the development team, ensuring smooth project execution and timely delivery.

PROJECTS

WhereYou

ReactJs | NodeJs | ExpressJs | MongoDB

- Implemented user authentication and validation for secure login and signup functionality.
- Developed a feature for users to upload their current location and share it with others on the website.
- Utilized various third-party and RESTful APIs to handle photo storage and retrieval.
- Integrated Google Maps API to display the uploaded locations on a map.
- Enhanced the user experience by performing CRUD operations on data.

News-Explore

ReactJs | API Creation | Bootstrap

- Created a responsive web application to display the latest news using a third-party API as a data source.
- Creating reusable components to optimize code and speed of web app.
- Implemented a feature that automatically fetches and updates news based on the selected category.

Chat-Page

ReactJs | JavaScript

- I created a real-time chat application using React that featured a user-friendly interface, ensuring smooth navigation and usability.
- The application was also optimized for responsiveness to deliver a consistent experience

ACTIVITIES & LEADERSHIP

Won best Implementation of ChainLink CCIP prize at ETHIndia 2023.

Software Developer

Mumbai, India

Mar 2024

State Level Badminton

Team Captain

Maharashtra, India

Jan 2019

SKILLS & CERTIFICATION

Skills: ReactJs, Golang, Java, Python, MySQL, MongoDB, NodeJs, ExpressJs, Stocks and Options, Finance, Git, MS Office.

Certification: Full Stack Web Development, Java Programming, Python for Data Science, State Level Badminton.

Soft Skills: Self-assurance, Open communication, Patience, Acceptance, Logical Reasoning, Innovation, Leadership, Public Speaker.
